

BearCom Acquires Vector Communication, Ltd., A Leading Supplier of Wireless Communications in Northwestern Alberta, CA

BearCom now offers wireless solutions throughout Northwestern Alberta and Northeastern British Columbia in Canada.

December 13, 2017: Dallas, TX — BearCom Group, Inc. (“BearCom”), the nation’s largest and pre-eminent provider of wireless communications equipment and solutions for two-way radios and other voice and data technologies, today announced the acquisition of Vector Communications, Ltd. Vector Communications is located in Grande Prairie, Alberta.

Vector Communications, Ltd.

Since 1991, Vector Communications has served customers in petrochemical, commercial, construction, forestry, public safety and government municipalities with the wireless communications systems they need to be successful. Vector provides a wide range of wireless communication solutions, including cellular and data devices, GPS tracking, portable towers, satellite phones and two-way radios.

As an authorized dealer for Motorola and Kenwood two-way radios, as well as Telus, Garmin and Globalstar products, Vector Communications takes pride in their ability to provide both quality products and customer service. Vector Communications is part of the RiiFT Wireless Group, which offers locations across Canada. In addition, Vector earned the COR Safety Certification, and the "Best Safety Performer" through Work Safe Alberta.

By joining with BearCom, Vector is adding significant resources in sales, rentals, and wireless industry technologies. As the complexity of the industry is changing dramatically, it takes a company like BearCom to provide the proven expertise and broad-based skill sets needed to deliver even better solutions and value for our customers.

“We are delighted to welcome the Vector Communications team to the BearCom family,” said Mark Kroh, President of BearCom. “With their track record of providing outstanding and innovative solutions, along with an extremely accomplished engineering and technical services group, there is not a stronger partner in this region to help us serve more customers.”

Vector was represented in this transaction by Allan Rosenhek. Terms were not announced.

Customers who need assistance with two-way radio Sales, Rentals, or Services are invited to call 780.532.2555. In the U.S., call 1.800.527.1670.
